DETAILED ACTION

Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach in combination with the other limitations of the independent claims a temperature-sensitive element temporarily switched off at least partially, such that the valve element temporarily takes a position in which, regardless of the temperature of the oil, at least the bypass is open and thus the recirculation of oil from the oil separator to the compressor element temporarily takes place at least through this bypass.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vikansha S. Dwivedi whose telephone number is 571-272-7834. The examiner can normally be reached on M-F, 8-4.
